## **REPORT ON WORKSHOP ON “AI & Problem Solving”**

**Institution:** Haldia Institute of Management

**Date:** May 25, 2026

**Venue:** Cyber Security Lab, HIM

On May 25, 2026, Haldia Institute of Management (HIM) conducted a one-day "AI and Problem Solving" workshop to bridge the gap between theoretical artificial intelligence concepts and everyday operational application. The event was led and organized by the expert team from Weavers Web Solutions Pvt. Ltd.

### **Leadership and Facilitation**

- **Smt. Poulomi Roy:** As the Director of Weavers Web Solutions Pvt. Ltd., Ms. Roy served as a primary expert, bringing valuable industry leadership and guiding the strategic vision of the event alongside her dedicated team.
- **Shri. Subhendu Sett:** Serving as the Solution Architect at Weavers Web Solutions Pvt. Ltd., Mr. Sett was the core facilitator. He expertly conducted the entirety of the main workshop, providing hands-on instruction and breaking down complex topics into actionable steps.

**Core Objective** To equip attendees with practical AI tools and frameworks for real-world problem-solving.

**Key Benefits Realized** Through Mr. Sett's comprehensive sessions, participants learned how to boost productivity, automate routine tasks, and accelerate decision-making by applying practical AI tools to their everyday challenges.

**Conclusion** Backed by the supportive presence of Ms. Roy and the broader Weavers Web Solutions team, Mr. Sett delivered a highly engaging and practical session. Attendees left with a concrete understanding of how to integrate AI technologies into their workflows to solve modern business problems efficiently.
